- Function based customizable help screens
- Audit maintained on all updates (date and time, user name)
- Downloads to Excel for ad-hoc reporting and analysis
- Creates PDF reports
- Available for Single Site or Entire School System

The screenshot displays the 'General Ledger Inquiry' interface for Maryland County Public Schools. The top navigation bar includes a 'Home' button and search fields for 'User ID', 'School Number', 'School Name', 'Current Proc. Month', 'Current Proc. Year', and 'Logout'. The left sidebar lists various menu items such as 'General Ledger', 'Journal Voucher', 'Inquiry', 'Reports', 'Period End', 'Account Maintenance', 'Expenditures', 'Revenue', 'Bank Reconciliation', etc. The main area is titled 'General Ledger Inquiry' and contains several filter sections: 'Account Type' (From/Through dropdowns), 'Main Account' (From/Through text boxes with icons), 'Activity' (From/Through text boxes), 'Sponsor' (text box), 'Effective Date' (From/Through text boxes with calendar icons), and 'Transaction Type' (dropdown). Below the filters are 'Detail' and 'Summary' buttons. The interface shows a 'Balance Forward' section with a table for 'Summary' and a 'Detail' view table. The 'Summary' table has columns for Date, Type, Reference, Debit Amount, and Credit Amount. The 'Detail' view table has columns for Effective Date, Trans Type, Description, Reference, Debit Amount, and Credit Amount. A secondary navigation bar is visible on the right side of the interface.

Flexible review of GL Journals at the summary and detail level
