

FUNDRAISING 50 SYSTEM REQUIREMENTS

The following recommendations represent the minimum system specifications required to run your Abila software solution. Investing in the highest quality equipment possible and budgeting for regular infrastructure upgrades will ensure your Abila solution is running at peak performance. Supported configurations and software are subject to change, so please check back often for the latest recommendations. Thank you!

Last updated 08/17/16 – in relation to FR50 v2016.1

SERVER

Component	System Recommendations
Database Platforms	Microsoft SQL Server 2012, 2012 Express Edition with Advanced Services, Server 2008 R2, 2008 R2 Express Edition with Advanced Services. The minimum required database platform must be installed before installing Abila Fundraising 50. The Installation Startup page will include a link to connect you to the Microsoft website so that you can download and install SQL Server 2012 Express Edition with Advanced Services.
CPU (Processor)	Pentium III Compatible Processor or Xeon Processor (2GHz or faster) Pentium III Compatible Processor or higher (1 GHz or faster)
Operating System	Windows Server 2012 R2, Windows 10 Pro, Windows 10 Enterprise, Windows Server 2008 R2, Windows 8.1 Pro, Windows 7 Professional, Windows 7 Professional 64-bit, Windows Server 2008, or Windows 2008 R2
Framework	Microsoft .NET Framework 4, Windows Installer 3.1.NET Framework 4 must be installed on your server <i>before</i> installing Abila Fundraising 50.
Memory (RAM)	4 GB or more
Free Hard Disk Space	2 GB + (3 x approximate database size). This will need to increase as your database size increases.

WORKSTATION

Component	System Recommendations
Operating System	Windows Server 2012 R2, Windows 10 Pro, Windows 10 Enterprise, Windows 8.1 Pro, Windows 7 Professional, Windows 7 Professional 64-bit
Framework	Microsoft .NET Framework 3.5, Windows Installer 3.1.NET Framework 3.5 is required even if .NET 4 is installed. It must be installed <i>before</i> installing Abila Fundraising 50.
CPU (Processor)	Pentium-Class processor (1 GHz or faster)
Memory (RAM)	4 GB
Free Hard Disk Space	2 GB
Video Adapter	Capable of 1024×768 resolution and 32-bit color
